President

Dear Colleagues,

Bradley Martin
President-elect

It is with great pleasure that the Florida Division on Career Development and Transition (FLDCDT) announces a partnership with the Florida Department of Education/Bureau of Exceptional Education and Student Services (FLDOE/BEES) for this year's VISIONS XXII Conference/Institute. This partnership will enable participants at the Conference/Institute to gather information on evidenced-based practices for providing transition services to students with disabilities and to plan together to implement new and innovative practices back home. Through this collaborative effort, additional funds will be available for school district teams to attend this event. However, it is not a requirement that participants be a part of a team to attend the conference.

Dr. Kim Halliday
Past President

Take a look at the attached tentative agenda and, notice that there will be several concurrent sessions scheduled which will not conflict with team planning. There will also be several opportunities throughout the Conference/Institute when all participants will come together (i.e., Keynote Speakers, Awards Luncheon, President's Receptions, etc.) Please refer to the final page of the registration form for questions regarding teams' participation. It is strongly encouraged that teams be composed of a representative several transition stakeholder groups from your district. If you would like more information regarding a team from your area, it is suggested that you contact your local school district's Exceptional Student Education Director or Transition Specialist/Contact.
